2	F.Y.B.A.Geography (CBCS 2019)	Course Gg-110 (A)-Physical Geogrpahy	1. To introduce the students to the geography basic concept in Physical Geography.	1 After completion of program, students will be able to have in-depth knowledge of basic Physical Geography.
			2. To introduce latest Theories and Models in Physical Geography	2 Students will be able to get acquainted with latest concepts in Physical Geography.
			3. To Acquaint the student with utility and application of Physical Geography in different regions and environment.	3. Students will get Acquaint with utility and application of Physical Geography in different regions and environment.
			4. To make the students aware of the need of protection and conservation of different Physical Landscapes.	4. Students will be aware of the need of protection and conservation of different Physical Geography.
	F.Y.B.A. Geography (CBCS 2019)	Gg-110 (B)-Human Geography	1. To introduce the students to the basic concept in Human Geography.	1 After completion of program, students will be able to have in-depth knowledge of basic concepts in Human Geography.
			2. To introduce basic concept in Human Geography.	2 Students will be able to get acquainted with latest concepts in Human Geography.
			3. To Acquaint the student with utility and application of Human Activities in the Development or different regions.	3. Students will get Acquaint with utility and application and Role of Human Activities in the Development organization different regions.
			4. To make the students aware of the need of protection and conservation of different Human Resources.	4. Students will be aware of the need of protection and conservation of Human Resources.
Sr.No	Class	Course	Course Objectives	

		Gg 210(A) Environment: Geography -1	1. To create the awareness about dynamic environment among the student.	1. Students will be awareness about dynamic environment among the student.
			2.To acquaint the Students with Fundamental concepts of environment geography for development in different areas.	2.Students will acquaint with Fundamental concepts of environment geography for development in different areas.
			3.The Students should be able to integrate various factors of Environment and dynamic aspect Environment geography.	3.The Students should be able to of integrate various factors of Environment and dynamic aspect of Environment geography.
			4.To Make aware the Students about the Problems of environment, their utilization and conservation in the view of sustainable development.	4.Students will be aware the about the Problems of environment, them utilization and conservation in the view of sustainable development.
Sr.No	Class	Course	Course Objectives	Course Outcomes
		Gg 210(B) Environment: Geography -2	1.To Create awareness about dynamic environment among the students.	1.Students will be aware about dynamic environment among the students.
			2.To Acquaint students with the fundamental concepts of environment geography.	2.Students will be aware Acquaint with the fundamental concepts of environment geography.
			3.To Acquaint Students about the past, presents and future utility and potentials of natural resources.	3.Students will be aware Acquaint about the past, presents and future utility and potentials of natural resources.
			4.To Make aware Students about the problems of environment, its utilization and conservation in the view of sustainable development	4. Students will be aware about the problems of environment, it utilization and conservation in the view of sustainable development
Sr.No	Class	Course	Course Objectives	Course Outcomes
		Gg 220 (A) Geography of Maharashtra -1	1.To Acquaint students with Geography of our state.	1.Studetns will be acquaint with Geography of our state.
	S.Y.B.A Geography (CBCS 2019)		2.To Make students aware of the magnitude of problems and prospects in Maharashtra.	2. students will be aware of the magnitude of problems and prospects in Maharashtra.
			3. To Help students understand inter relationship between the subject and the society.	3. Students can understand the inter interrelationship between the relationship between the subject and the society.
			4. To help students understand the recent trends in regional studies.	4. students can understand the recent trends in regional studies.
Sr.No	Class	Course	Course Objectives	Course Outcomes
			1.To Make students aware about the agriculture problems and prospects of Maharashtra.	1. students will be aware about the agriculture problems and prospects of Maharashtra.
			2.to understand the population distribution and settlement pattern in Maharashtra.	2.Students can understand the population distribution and settlement pattern in Maharashtra.

		Gg 220 (B) Geography of Maharashtra.-2	3.To understand the concept of rural development. 4.To understand the prospectus in tourism activity in Maharashtra and the role of MTDS and Role of MIDC in industrial development in rural area of Maharashtra.	3.Students can understand the concept of rural development. 4.Students can understand the prospectus in tourism activity in Maharashtra and the role of MTDS and Role of MIDC in industrial development in rural area of Maharashtra.
Sr.No	Class	Course	Course Objectives	Course Outcomes
		Gg.201 (A) Practical Geography -1(Scale and Map projection)	1.To introduce the basic concepts in practical Geography. 2.To enable Students to use various scales and Projection techniques in Geography. 3.To acquaint students with the utility of various projection in geographical knowledge. 4.To explain the elementary and essential principal of practical work in Geography	1.Studentns will be develop practical skill and use, of map scale and projection. 2.student will be aware of the new techniques, accuracy and skills of map making.
Sr.No	Class	Course	Course Objectives	Course Outcomes
		Gg.201 (B) Practical Geography - 2(Cartographic techniques, surveying and excursion/Village/Project	1.To introduce the students to the basic and contemporary concepts in cartography. 2.To acquaint the students with the utility and application of various cartographic Technique. 3.To Introduce the latest concepts the latest concepts regarding the modern cartography in the field of geography.	1.Studentns will be able to develop practical knowledge and application of cartographical techniques. 2. Students will be able to aware of the new techniques, accuracy and skills of map making.
Sr.No	Class	Course	Course Objectives	Course Outcomes
		SEC-A Apply course of disaster management	1.To introduce basic concepts and of fundamental structure disaster Management (DM) 2.To Introduce critical thinking andproblem-solving abilities on disaster Management. 3.To enable Students to assess the situation and design plan for disaster management.	1.Students will be to introduce basic concepts and fundamental structure of disaster Management(DM). 2.Students will be to Introduce critical thinking and problem-solving abilities on disaster Management. 3. Students will be to assess the situation and design plan for disaster management.
Sr.No	Class	Course	Course Objectives	Course Outcomes
		SEC-B Apply course of Traval and tourism	1.To develop basic framework to of Travel and understand the various elements of Tourism management. 2.To evaluate the role of transport in travel and tourism industry.	1.Students will be to perform online as well as offline booking and cancellation procedures for different available modes of travel and tourism 2.Students will be able to acquire earning skills in tourism industry.

			3.To develop the skills to arrange, Manage and implement various types of tours.	
Sr.No	Class	Course	Course Objectives	Course Outcomes
		Environmental Studies 1,2	1. To acquaint the students with basic concepts of environment.	1. Students will be get acquainted with the basic concepts of environment.
			2. To aware the students with various types of environmental issues.	2. Students will be aware of various types of environmental issues.
			3. To make the students go for remedies on environment issues.	3. Students will be able to give remedies on environment issues
Sr.No	Class	Course	Course Objectives	Course Outcomes
	T.Y.B.A. Geography CBCS 2019	Gg 310 (A) Geography of Tourism -1	1.To understand the history of tourism.	1.Students will understand the history of tourism.
			2. To introduce the students to the basic concepts in Tourism Geography.	2. Students will be able to introduced the basic concepts in tourism geography.
			3.To understand the types of tourism.	3.Students will be understanding the types of tourism.
			4.To Gain knowledge Different aspects of tourism geography.	4.Students will be able to gain knowledge about different aspects of tourism geography.
		Gg 310 (B) Geography of Tourism -2	1.To understand the history of tourism.	1.Students will understand the history of tourism.
			2. To introduce the students to the basic concepts in Tourism Geography.	2. Students will be able to introduced the basic concepts in tourism geography.
			3.To understand the types of tourism.	3.Students will be understanding the types of tourism.
			4.To Gain knowledge Different aspects of tourism geography.	4.Students will be able to gain knowledge about different aspects of tourism geography.
		Gg320 (A) Geography of rural Development-1	1.To the understand the concept, nature and scope of rural Development in India.	1. students will be understanding the concept, nature and scope of rural Development in India.
			2.To Overview various approaches to rural development.	2.Studetns will be Overview various approaches to rural development
			3. To discuss some important issues related to rural development.	3. Students will be discussing some important issues related to rural development.
			4 Study various schemes and policies for rural health in India.	4.Students will be able to Study various schemes and policies for rural health in India.
		Gg320 (B) Geography of rural Development - 2	1.To Study the problems and policies related to education in rural areas.	1.Students will be able to Study the problems and policies related to education in rural areas.
			2.To create awareness among the students about various area development programmers and target group programmers implemented in India.	2.Students will be able to create awareness among the students about various area development programmers and target group programmers implemented in India.

			3.To Create a positive approach for rural development among the students through the examples of successful case studies.	3. Students will be able to Create a positive approach for rural development among the students through the examples of successful case studies.
		Gg 301 (A) Practical Geography -1 (Techniques in spatial Analysis)	1. To introduce basic concepts and techniques of Geographical Analysis.	1. Students will introduce basic concepts and techniques of Geographical Analysis.
			2.To introduces the students with SOI Toposheets and acquire the knowledge to toposheet reading/ interpretation.	2.Students will be introducing with SOI Toposheets and acquire the knowledge to toposheet reading/ interpretation.
			3.To introduces the students with weather map and acquire the knowledge of its interpretation.	3.Students will be introducing with weather map and acquire the knowledge of its interpretation.
			4.To introduces the students with aerial photographs and satellite images and acquire knowledge to interpret it.	4.Students will be introducing with aerial photographs and satellite images and acquire knowledge to interpret it.
			5.to Acquaint students with the spatial and structural characteristics of practical geography.	5.Students will be Acquaint with the spatial and structural characteristics of practical geography.
			6.To explain the elementary and essential principles on field of practical work.	6.Students will be explaining the elementary and essential principles on field of practical work.
		Gg 301 (B) Practical Geography -2 (Techniques in spatial Analysis, surveying, and exsursion/village/product report)	1. To introduce basic concepts and techniques of Geographical Analysis.	1. Students will introduce basic concepts and techniques of Geographical Analysis.
			2.To introduces the students with SOI Toposheets and acquire the knowledge to toposheet reading/ interpretation.	2.Students will be introducing with SOI Toposheets and acquire the knowledge to toposheet reading/ interpretation.
			3.To introduces the students with weather map and acquire the knowledge of its interpretation.	3.Students will be introducing with weather map and acquire the knowledge of its interpretation.
			4.To introduces the students with aerial photographs and satellite images and acquire knowledge to interpret it.	4.Students will be introducing with aerial photographs and satellite images and acquire knowledge to interpret it.
			5.to Acquaint students with the spatial and structural characteristics of practical geography.	5.Students will be Acquaint with the spatial and structural characteristics of practical geography.
			6.To explain the elementary and essential principles on field of practical work.	6.Students will be explaining the elementary and essential principles on field of practical work.
		(Value/Skills based course) Research Methodology -1	1.To develop the understanding of the basic concepts of research.	1.Students will be able to understanding of the basic concepts of research.
			2.To develop the understanding of the basic framework of sampling and data collection.	2. Students will be able understanding of the basic framework of sampling and data collection.

			3.To develop the understanding of Various sampling methods and techniques.	3.Students will be able understanding of Various sampling methods and techniques.
		(Value / Skills based course) Research Methodology -2	1.To identify various sources of information for data collection.	1.Students will be able identify various sources of information for data collection.
			2.understanding of the conducting survey on various issues and develop the report writing skill of students.	2.Students will be able to understanding of the conducting survey on various issues and develop the report writing skill of students.
	F.Y.B.Com. Geography (CBCS 2019)	Elements of Commercial Geography -1	1.To Make Students of the Commerce Faculty aware of the correlations between Economic Activities and Geography factors.	1. Students will be aware of the correlations between Economic Activities and Geography factors.
			2.To Acquaint the Students with Various economic Activities in Geographical Environment.	2. Students will be Acquaint the Students with Various economic Activities in Geographical Environment.
			3.To acquaint the Students with the Dynamic aspects of resources and need for their conservation.	3. Students will be acquainting the Students with the Dynamic aspects of resources and need for their conservation.
			4.To Make the Students aware about the Role and Dynamics of populations in Commerce.	4. students will be aware about the Role and Dynamics of populations in Commerce.
	F.Y.B.Com. Geography (CBCS 2019)	Elements of Commercial Geography -2	1.To Make Students of the commerce faculty aware of the correlations between economic activities and Geography Factors.	1. students will be aware of the correlations between economic activities and Geography Factors.
			2. To Acquaint the Students with the Industrial sector and the pollution associated with it.	2. Students will be Acquaint the Industrial sector and the pollution associated with it.
			3. To Make the students aware of the changing role of transport and communication in trade and commerce	3. students Will be aware of the changing role of transport and communication in trade and commerce.
			4.To make the students aware of the role of tourism in development.	4.students Will be aware of the role of tourism in development.
			5.To Acquaint students with basic cartographic techniques.	5.Student will be get Acquainted with basic cartographic techniques.
